

In keeping with the Water Environment Association of Ontario's (WEAO) New Professionals (NP) commitment to continuing education through technical development, the WEAO NP Committee is pleased to present the latest technical presentation and lab tour on the topic of "ODOUR CONTROL".

Odours are a typical by product of the wastewater treatment process and like any industrial emission to the environment must be controlled and/or treated. This seminar will focus on Odour Control as it applies to Wastewater treatment, including odour control technologies, olfactometry, odour analysis, modeling and environmental impacts.

Speakers for this event include Mr. Alex Carciumaru, of Earth Tech and Dr. Moe Zolghadr of ZORIX Environmental who will be presenting the following topics:

Odour Control

Alex Carciumaru, EARTH TECH

- Introduction to Odour Control in Wastewater Treatment
- Summary Review of Odour Control Regulations
- Overview of Odour Control Technologies
- Odour Control System Installations - Case Studies

Olfactometry: the Basis for Odour Impact Assessment & Control

Moe Zolghadr, ZORIX Environmental

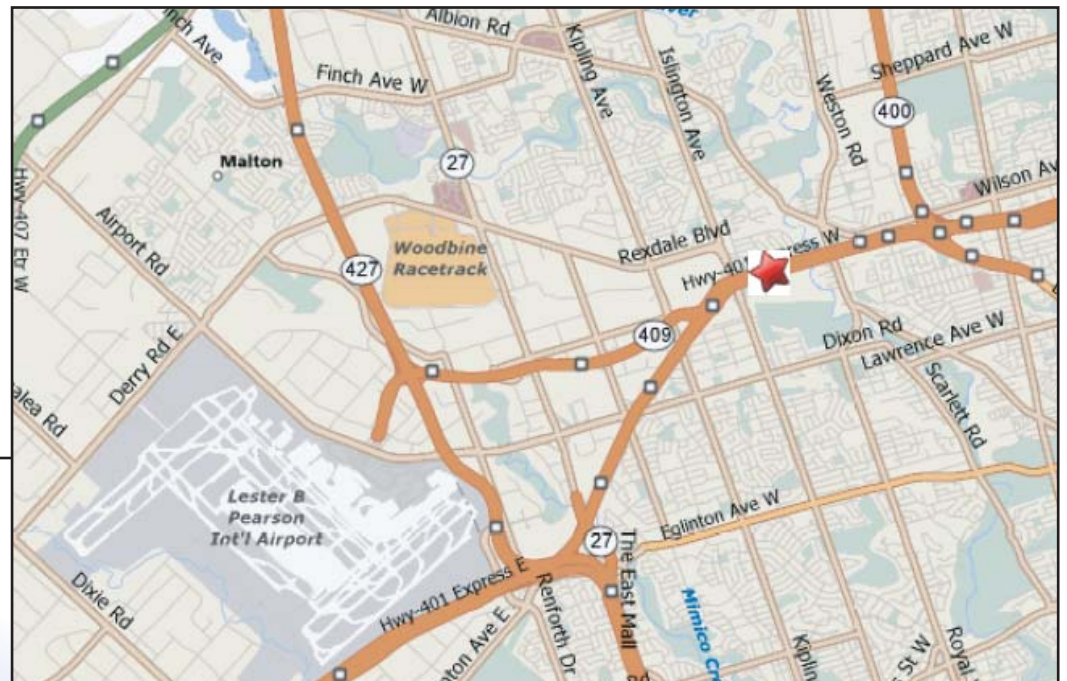

- Introduction to Olfactometry
- Odour Control Impact Assessment & Control
- Selected projects

Please join us for this opportunity of technical development, networking and social interaction on Wednesday, November 7th, 2007 starting @ 5:00 pm. In order to register for this event, participants must be a WEAO, WEF, OWWA member, or a student registered at an accredited university or college. Individuals interested in attending this event, who are not members of the previous listed organizations, can register by contacting Julie Vincent (WEAO Executive Administrator) at 416-410-6933 or weao@weao.org for further information or details regarding WEAO membership. Please note that all seminars held by the WEAO New Professionals are free for all registered members. A \$10.00 + GST fee will apply to all non-members. Please RSVP by completing the Sign-Up Sheet, which has been included on the following page and fax it to Julie Vincent (WEAO) at 416-410-1626 no later than Friday, November 2nd, 2007.

This Technical Seminar will be complemented with an Olfactometry Lab Tour scheduled for November 21, at ZORIX Environmental to be held on November 21. Please find details on www.weao.org. - New Professionals.

The WEAO NP Committee has been created to represent those WEAO members with ten (10) years or less experience in the wastewater industry, or less than 35 years of age. Our primary goal is to aid in the technical and professional development of new individuals entering the wastewater treatment industry, as well as encourage participation of New Professionals in WEAO activities.

The seminar will be held at Ontario Ministry of the Environment (MOE) Laboratories located at 125 Resources Road, Etobicoke, ON as indicated in the map below.

ODOUR CONTROL SEMINAR

Please complete the following information in order to register

Name : _____

Company : _____

Phone Number : _____

E-mail : _____

Affiliation : _____
(i.e., WEAO, WEF, OWWA, University, College)

Affiliation ID No. : _____

Payment

VISA Mastercard AMEX

Card Number : _____ Exp : _____

Signature : _____

You must supply your own personal safety equipment to attend (hard hat, safety boots, etc.)

***Please return the completed form to Julie Vincent (WEAO Executive Administrator)
via facsimile at 416-410-1626.***
