

SMALL & ONSITE WASTEWATER TREATMENT SYSTEMS

TECHNICAL SEMINAR

In keeping with the Water Environment Association of Ontario's (WEAO) New Professionals (NP) commitment to continuing education through technical development, the WEAO NP Committee is pleased to offer a technical seminar on small and on-site wastewater treatment systems.

Small and on-site wastewater treatment systems are an important component of society's wastewater treatment infrastructure, especially for rural and small communities. Our speakers will be Bryan Whitehead, P.Eng., of Rural Development Consultants, and Michael Albanese, P.Eng., of H2Flow Equipment. Bryan will discuss on-site wastewater treatment systems of 1 - 20 m³/d capacity. Michael will discuss small wastewater treatment systems of 20 - 300 m³/d capacity. They will cover the following topics:

On-Site Treatment Systems

Bryan Whitehead, P.Eng.

- Design of septic systems and other on-site treatment technologies
- Relevant legislation for small systems

Small Treatment Systems

Michael Albanese, P.Eng.

- Design of small systems and differences with larger systems
- Relevant technologies: SBRs, RBCs, and membrane bioreactors

We will enjoy the presence of Mr. Peter Takaoka, P.Eng., WEAO President, who will make initial remarks about WEAO. Please join us for this opportunity of technical development, networking and social interaction on **Thursday, March 27, 2008, from 6 to 8 pm at the University of Toronto, Galbraith Building Room 217**. In order to register for this event, participants must be a WEAO, WEF, OWWA member, or a student registered at an accredited university or college. Please note that all seminars and tours held by the WEAO New Professionals are free for all registered members. A \$10.00 + GST fee will apply to all non-members. To register, return the complete form on the next page to Julie Vincent (WEAO Executive Administrator) via fax at **416-410-1626** no later than **Tuesday March 25, 2008**. Contact Julie Vincent at 416-410-6933 ext 1 to obtain membership information.

The WEAO NP Committee has been created to represent those WEAO members with ten (10) years or less experience in the wastewater industry, or less than 35 years of age. Our primary goal is to aid in the technical and professional development of new individuals entering the wastewater treatment industry, as well as encourage participation of New Professionals in WEAO activities.

The Galbraith Building at the University of Toronto is located at 35 St. George Street, Toronto. A map of the U of T campus can be found at: <http://rrs.osm.utoronto.ca/map/>. See the map below for further details.

SMALL & ONSITE WASTEWATER TREATMENT SYSTEMS TECHNICAL SEMINAR

Please complete the following information in order to register

Name : _____

Company : _____

Phone Number : _____

E-mail : _____

Affiliation : _____
(i.e., WEAO, WEF, OWWA, University, College)

Affiliation ID No. : _____

Payment

VISA Mastercard AMEX

Card Number : _____ Exp : _____

Signature : _____

You must supply your own personal safety equipment to attend (hard hat, safety boots, etc.)

*Please return the completed form to Julie Vincent (WEAO Executive Administrator)
via facsimile at 416-410-1626.*

Seminar participants are reminded that by attending this event they may be photographed during event activities. By attending this event attendees agree that their image may be used by WEAO for promotional purposes.
