

# PLANT TOUR

## G.E. BOOTH (LAKEVIEW) WWTP

In keeping with the Water Environment Association of Ontario's (WEAO) New Professionals (NP) commitment to continuing education through technical development, the WEAO NP Committee is pleased to offer a facility tour of G.E. Booth (Lakeview) Wastewater Treatment Plant (WWTP), located at 1300 Lakeshore Road East, Mississauga, Ontario.

The G. E. Booth (Lakeview) Wastewater Treatment Facility is located on the shore of Lake Ontario in Mississauga. This plant processes the wastewater from homes and businesses in Bolton, Caledon East, Brampton and the eastern parts of Mississauga. After a series of expansions in recent years, the plant has a total daily capacity of 448,000 cubic metres.

The tour will provide an overview of the wastewater treatment at the plant with the focus on processes such as integrated fixed-film activated sludge (IFAS), effluent disinfection and biosolids management. The tour will be guided by experienced staff from the Region of Peel.

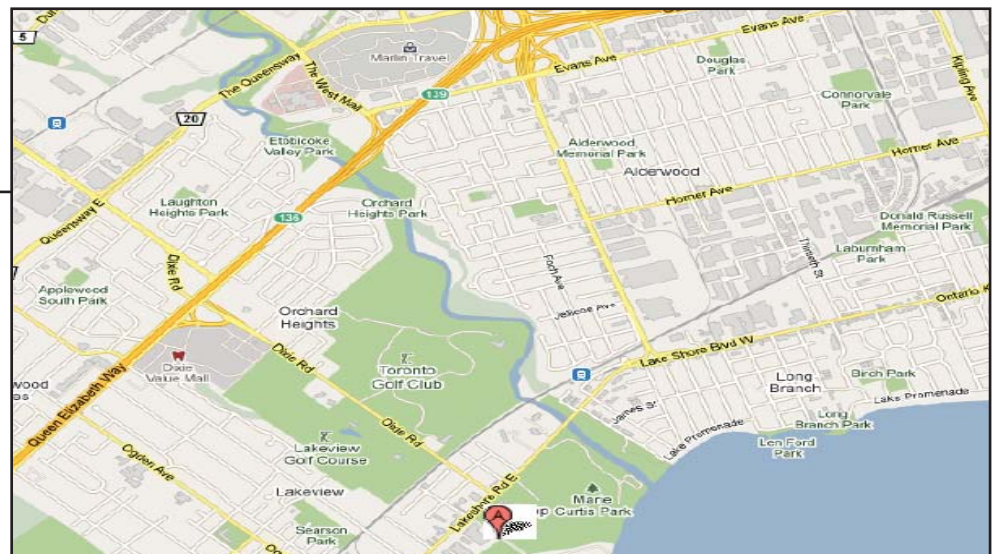

Please join us for this opportunity of technical development, networking and social interaction on **Saturday, October 23th, 2010, from 9 am to 12 pm**. In order to register for this event, participants must be a WEAO, WEF, OWWA member, or a student registered at an accredited university or college. Please note that all seminars and tours held by the WEAO New Professionals are free for all registered members. A \$10.00 + GST fee will apply to all non-members. To register for the tour please return the completed form (on next page) to Julie Vincent (WEAO Executive Administrator) via facsimile at 416-410-1626 no later than Wednesday, October 20st, 2010. Contact Julie Vincent at 416-410-6933 to obtain membership information.

**Tour participants must supply their own personal protective equipment (safety shoes and hard hats).**

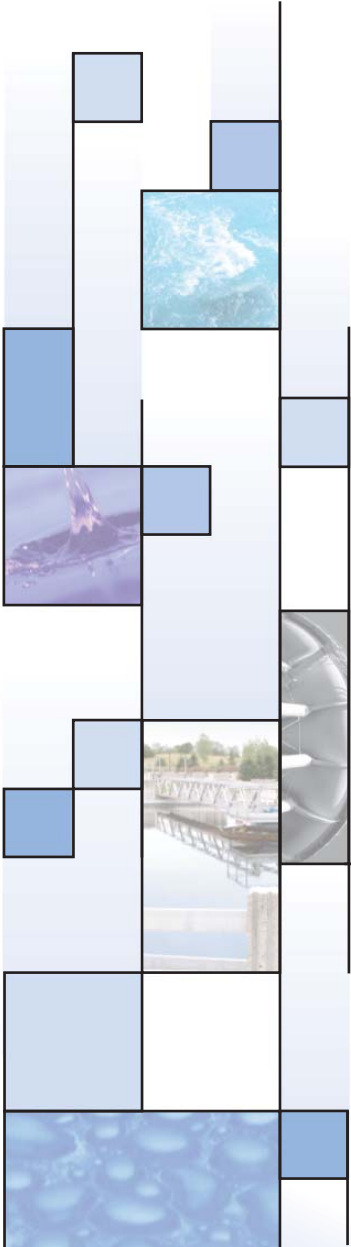

G.E. Booth (Lakeview) WWTP is located at 1300 Lakeshore Road East, Mississauga, Ontario. Do not confuse the address with Lakeshore Road in Toronto, or Lakeshore Road West in Mississauga.

From Hwy. 401, take Hwy. 427 South until Hwy. 427 turns into Browns Line. Continue on Brown Line until it ends at Lakeshore Blvd West. Turn right (west) on Lakeshore Blvd West and continue west. Lakeshore Blvd West becomes Lakeshore Rd East in Mississauga. The G.E. Booth (Lakeview) WWTP is on your left hand side (south) shortly after you past Dixie Road.

From QEW, exit at Dixie Road and continue south until Dixie Road ends at Lakeshore Road East. Turn right (west) on Lakeshore Road East. The G.E. Booth (Lakeview) WWTP is on your left hand side (south) shortly after you turn onto Lakeshore Road East.

**About Us:** The WEAO NP Committee has been created to represent those WEAO members with ten (10) years or less experience in the wastewater industry, or less than 35 years of age. Our primary goal is to aid in the technical and professional development of new individuals entering the wastewater treatment industry, as well as encourage participation of New Professionals in WEAO activities.
