

Join the WEAO!

STUDENTS

If you are a university or college student proactive in enhancing your current studies in engineering or the environmental field, or in the process of transitioning into the job market, then WEAO is for you.

WHO IS WEAO?

The WEAO, or the Water Environment Association of Ontario is a professional organization dedicated to the preservation and enhancement of Ontario's water environment. The WEAO exists as a member association of WEF, the Water Environment Federation, whose network includes water quality professionals in over 30 countries. Both associations draw resources from a broad range of members that include scientists, engineers, educators and students who work in collaboration with one another to realize the mutual goal of the preservation and enhancement of the water environment around the world.

NEW PROFESSIONALS COMMITTEE

The New Professionals Committee has been created under the WEAO to foster the technical and professional development of up and coming professionals in the water quality industry. The Committee represents a substantial benefit to students, as its members are familiar with the challenges facing graduates upon entry into this challenging field. The New Professionals Committee organizes and facilitates events and opportunities for networking, technical learning and professional development through interactive workshops, seminars and on-site facility/plant tours.

ANNUAL CONFERENCE

The WEAO's annual conference attracts hundreds of participants and includes a two day symposium and large manufacturer's equipment exhibit. In addition to being an excellent networking opportunity, the annual conference offers students the ability to further develop technical skills in their area of interest through discussions with key industry professionals in a group, or one on one setting.

ADDITIONAL BENEFITS OF WEAO FOR STUDENTS

Whether through our Annual Conference, Seminars, Committee Meetings or Social Events, you will have the opportunity to network with the leading environmental professionals in Ontario, take plant/facility tours, receive employment guidance, and more. As a student member, you will receive the WEAO newsletter and have direct access to current member publications relevant to engineering and environmental course work to help establish yourself in the environmental field.

Become a part your provinces wastewater community! Join the WEF/WEAO and become an active participant! Students receive all the benefits of full membership for only \$20.00 USD per year.

2004/2005 WEF/WEAO MEMBERSHIP APPLICATION

Personal Information

Mr. Ms. Mrs.

Last Name: _____ First Name: _____ Middle Initial: _____

Address: _____ City: _____ Province: _____ Postal Code: _____

Country: _____

Home Tel: _____ Business Tel: _____ Fax: _____

E-mail: _____

Please send me information on special offers, discounts, training and educational events, and new product information to enhance my career by: E-mail Fax
Member Association: Ontario (i.e., By joining WEF, you are also a member of the local Member Association)

Educational Information

University or College Affiliate: _____

Employer Code: EC17 (Student) Job Title: JT22 (Student) Environmental Focus (use code below): _____

EV01 Wastewater, **EV02** Drinking water, **EV03** Process water, **EV04** Coastal, river, lake ecology, surface water, **EV05** Toxic and hazardous materials, **EV06** Solid waste, **EV07** Air, **EV08** Groundwater, **EV09** Stormwater, **EV10** Pollution prevention, **EV11** Instrumentation/automation/controls, **EV12** Residuals/biosolids management, **EV13** Public education/information, **EV14** Other

Signature: _____ Date: _____

Sponsorship Information (Optional)

WEF Sponsor Name : _____ Sponsor I.D. Number: _____

Membership Information (Dues for students are \$20.00 USD). Students must be enrolled for a minimum of six credit hours in an accredited university or college. Must provide written documentation on school letterhead verifying status, signed by an advisor or faculty member.

Subscriptions

Membership includes 2 complimentary subscription to **WEF Highlights**, and **WE&T** or **Water Environment Research**. (please select 2nd subscription)

WE&T (including Operations Forum) Water Environment Research

Additional Subscriptions

Consider including additional WEF resources in your membership package! Check the appropriate subscription and include the subscription cost in your payment.
(Note: List prices reflect a substantial membership discount).

<input type="checkbox"/> WE&T (including Operations Forum)	\$55.00 USD	<input type="checkbox"/> Water Environment Research	\$55.00 USD
<input type="checkbox"/> Water Environment Laboratory Solutions	\$50.00 USD	<input type="checkbox"/> Water Environment Regulation Watch	\$50.00 USD
<input type="checkbox"/> Industrial Wastewater Technical Bulletin	\$89.00 USD	<input type="checkbox"/> Biosolids Technical Bulletin	\$89.00 USD
<input type="checkbox"/> Watershed & Wet Weather Technical Bulletin	\$89.00 USD	<input type="checkbox"/> Utility Executive	\$89.00 USD

Payment

Check/Money (Order enclosed made payable to WEF in U.S. Funds) VISA American Express MasterCard

Credit Card No.: _____ Exp. Date: _____
