(Le français suit)

Health Canada has published Guidance on Controlling Corrosion in Drinking Water Distribution System. This final document has been approved by the Federal-Provincial-Territorial Committee on Drinking Water and is now available on Health Canada's web site at the following address:

<http://www.hc-sc.gc.ca/ewh-semt/pubs/water-eau/corrosion/index-eng.php>

.....

Santé Canada vient de publier Le document de conseil sur le contrôle de la corrosion dans les réseaux de distribution d'eau potable. Ce document final a été approuvé par le Comité fédéral-provincial-territorial sur l'eau potable et est maintenant disponible sur le site internet de Santé Canada à l'adresse suivante: <http://www.hc-sc.gc.ca/ewh-semt/pubs/water-eau/corrosion/index-fra.php>

The Canadian Water and Wastewater Association (CWWA) was established in 1986 to represent the common interest of Canada's municipal water and wastewater systems to federal and interprovincial bodies with respect to policies, programs, national codes, standards, and legislation. CWWA's membership has expanded to include other than municipal systems, giving our members an even stronger voice in Ottawa.
